

WILL INVESTIGATE THE SHOOTING.

Shooting of Mrs. Gore Will Be Thoroughly Looked Into By Consul.

PARIS, Nov. 24.—Acting on instructions from the United States State Department to thoroughly investigate the shooting on Wednesday of Mrs. Ellen Gore, Consul-General Gowdy today requested four representative American physicians living in Paris to form a commission to conduct an independent autopsy and report on the circumstances and probabilities of how she met her death.

The commission is composed of Dr. A. J. Magin, who is in charge of the American Hospital in Paris; Dr. Edmund L. Gross, formerly of San Francisco; Dr. Turner and Dr. Whitman.

Mr. Gowdy has sent written instructions to each of the doctors which asks them to spare no efforts to make a complete investigation. The commission has already conferred regarding its plans, but it has not yet been settled when the autopsy will take place.

The French officials still hold the body and numerous formalities have to be gone through with before it will be

STRIKERS KILLED IN BATTLE AT HAVANA.

Police Captain and Two Officers Wounded During the Riot.

Cars Were Stopped for a Time and Mob Had Full Control.

HAVANA, November 24.—Police Captain Maso and two officers were wounded and two strikers were killed during a demonstration today in front of the Palace.

In addition two policemen and several strikers were wounded.

The strike here became general today. The conductors and motormen continued running their cars until 10 o'clock, when Superintendent Greenwood ordered a suspension of traffic.

He had asked the civil governor for protection, but the authorities were unable to protect the cars. Several of them were wrecked and some motormen and conductors were injured.

The men were willing to remain at work, but the officials of the company, in order to protect the property, deemed it wise to suspend the system.

The situation is grave.

The police will not make arrests owing to the pronounced sympathy of the Mayor and other city officials with the strikers. A mob of strikers drove the employees of the Western Railroad from the trains this morning.

No bread or meat is on sale and a continuance of the strike will cause much suffering to the poor.

RE-ENACTED THE SCENE.

The French officials having the case in charge decided unexpectedly to hold the reconstruction of the scene this afternoon instead of waiting until tomorrow. This interesting formalities took place in the room where the tragedy occurred.

De Rydzewski re-enacted the details of the fatal scene and submitted to the cross-examination of officials at every step.

The only persons admitted were the examining magistrate, the Commissioner of Police, Dr. Socquet, who performed the autopsy; Gasthine Benette, the expert armorer; De Rydzewski and Lawyer Dupuy.

A representative of Mr. Gowdy, Mr. Paquet, applied for permission to be present but the magistrate refused on the ground of requirements of the law. The party arrived at the house at 3 o'clock.

De Rydzewski was in a cab and was accompanied by two police officers. He had handcuffs on and looked pale and unaccompanied. He shielded his face from the gaze of the crowd at the door and, followed by the magistrate and the officers, mounted the stairs to the room where the fatal scene was re-enacted.

There is every reason to believe that the accused repeated his story as first told and said Mrs. Gore's death was the result of French justice.

AMERICAN DOCTORS.

Dr. Socquet, in behalf of Mr. Gowdy, applied to the magistrate for possession of the body and the official offered every facility. He ordered that the remains be turned over to the United States officials the only reservation being that they be not moved from the Morgue until the second autopsy, owing to the rules of the French law. Thereupon the commission of American doctors arranged to perform their autopsy at the Morgue tomorrow morning.

Mr. Paquet also requested the magistrate to allow him to inspect the correspondence of De Rydzewski and Mrs. Gore, which the French official agreed to do after he had himself finished the inspection of the letters, which he is expected to do today. This inspection will be private, as will be the preliminary hearings of the case.

The American doctors were in consultation this afternoon with Dr. Socquet, the French expert whose first autopsy tended to the accident theory.

THE BROTHERS REQUEST.

WASHINGTON, Nov. 24.—The State Department has received a telegram from a Mr. Stoydill, who says he is the brother of the unfortunate American, Mrs. Gore, who was killed in Paris. He requested the department to cause a thorough investigation to be made into the conditions surrounding the woman's death and also to see that the remains be properly interred.

Mr. Stoydill's telegram is dated at Republic, Washington. The department has already instructed Consul-General Gowdy to do so, and it is understood that he is now making the required investigation in order to be sure that there shall be no miscarriage of justice and that if the man who is charged with the murder shall be punished, he will execute the request as to the interment.

WILLIAM J. DINGEE IS OUT OF DANGER.

Mr. William J. Dingee, who has been very seriously ill at his San Francisco home, is now considered out of danger and on the road to recovery.

WOMAN CONFESSES TO BRUTAL MURDER.

BUTTE, Nov. 24.—Mrs. Hank Naring, who is believed to be demented and who is now being held in the Pension Hospital at Phillipsburg on suspicion of being the murderer of Mrs. Patience Conn and James Conn, has made a confession. She declared she killed Mrs. Conn with a hammer and then shot the man. She had made her home with the Conns and twenty-five years ago, when in a rage, shot and killed her husband, but was cleared on the ground of insanity.

The murder of the Conns was thought to have been committed by the lone bandit who held up the Northern Pacific train at Bearmouth.

WILL BUILD A NEW RAILWAY

Franchise Asked for Street Car Line from Foot of Broadway to the Cemetery

If the necessary franchises can be secured another street railway will soon be constructed in Oakland and it will run from the foot of Broadway to Mountain View cemetery.

This afternoon the Board of Supervisors held a session to receive the application for the franchise for that portion of the road outside the city and tonight an application for the road inside the city will be filed with the City Council.

The application filed with the Supervisors this afternoon was for a franchise along Pleasant Valley avenue, from the eastern to the northern boundary lines of the city of Oakland.

It was filed by Attorney George W. Reed, representing J. H. Macdonald, the real estate broker.

It is not stated, however, who is behind the new enterprise.

The Supervisors have referred the application to the Ordinance Committee, and it will be considered five weeks from today.

The proposed road will run from the foot of Broadway to Mountain View cemetery over the following route: Along Broadway to Fifth street, west to Washington street, north to Tenth street, east to Broadway, east to Webster street, north to Grand avenue, across the Adams tract to Pleasant Valley and Lake Shore avenues, thence to the cemetery.

It is rumored on the street that the Southern Pacific Company is behind the franchise.

Pullman Company for 50 wide vestibule chair cars. These cars are to be 60 feet each in length. The delivery of these cars will commence next June.

An order has been placed with the Baldwin Locomotive Works for 66 locomotives. Eighteen of these engines are to be moguls, 25 heavy switch engines, 10 will be ten-wheel passenger engines and 12 will be of the Atlantic type, the heaviest bulk.

SOUTHERN PACIFIC PLACES A BIG ORDER.

Fifty Wide Vestibule Chair Cars Ordered In the East.

Sixty-Six New Locomotives Will Be Sent to Coast.

CHICAGO, November 24.—The Southern Pacific has placed orders with the

NEW YORK, Nov. 24.—A lockout was declared today by the Builders' and Contractors' Association of New Rochelle, which forced all the building trades workers in the suburbs north of New York from Mount Vernon, N. Y., to the Connecticut line to quit work. The number of men out is about 1,500.

The trouble grew out of a recent strike caused by a disagreement between plumbers and their employees. It was adjusted but twelve journeymen went back to work before the settlement and were fined \$50 by their union. They refused to pay and in the controversy following the Building Trades Council sustained the union, while the Builders' and Contractors' Association declared the fines unjust and announced that a lockout would be started if the fines were not remitted by noon last Saturday. They were not and the declaration of the employers according went into effect today.

CANDIDATES ARE BEING MENTIONED FOR OFFICE OF MAYOR.

THEODORE GIER IS BEING PUT FORWARD BY HIS FRIENDS—D. C. BROWN, MAX SCHLEUTER AND OTHER NAMES ARE SUGGESTED

Now that the State election has ceased to be a subject of general interest, the political gossips have turned to discussing the coming municipal campaign. More than usual interest attaches to the next city election for two reasons.

It is generally conceded that all, or at least a portion, of the projects embraced in the forthcoming bond election will carry. Hence the next municipal administration will have a great deal on its hands. Upon it will devolve the task of carrying out the scheme of public improvement embodied in the bond ordinance. The expenditures and contracts will be on a scale heretofore unknown in Oakland.

Interest in the coming election is also deepened by the generally accepted belief that the Union Labor party will put a ticket in the field. It is said that the Carmen's Union will have a candidate for Mayor. The nominees on the labor ticket will be made up, however, from the various unions, with the exception of the City Attorney.

Among Republicans Theodore Gier is being actively canvassed for the Mayoralty. Mr. Gier is a merchant of high standing, and has been prominent in furthering projects to improve the city and to bring trade here. His public spirit has been exhibited on all occasions. He is a leading member of the Merchants' Exchange and was a member of the Citizens' Committee that formulated the plan of municipal improvement that the Council now has under consideration. He has also been active in promoting the Contra Costa road tunnel.

"Theodore Gier is the man for Mayor," said John Tisch. "He is a clean, clear-headed, enterprising business man, and will infuse a progressive spirit in all the municipal departments."

But the names of other prominent citizens are advocated with equal zeal and favor. So far as is known neither Mr. Gier nor any of the others is a candidate, or has authorized anybody to speak in his behalf, but the suggestions are made gratuitously by friends. M. J. Keller, Max Schlueter and D. C. Brown all have ardent supporters. All are public spirited citizens and successful business men. Mr. Keller, like Mr. Gier, was a member of the Citizens' Advisory Committee and also a member of a previous improvement Committee. Max Schlueter demonstrated his executive ability as Director-General of the Elks' fair. D. C. Brown is known to everybody in Oakland as a straightforward citizen.

In the municipal league element the names of R. H. Chamberlain and Councilman George T. Dornin are most prominently mentioned. Both are business men, but Mr. Dornin conducts his business in San Francisco. Both are men of excellent reputation.

It is believed that all the members of the present Council are candidates for re-election. It is also understood that City Attorney Johnson and City Engineer Turner are anxious to make the race again. There is some talk to the effect that the Union Labor party will place former City Attorney Clement on their ticket, but this is more speculative than anything else.

CENTRAL PARK IS LEASED FOR A LONG TERM.

Central Park has been leased from the Realty Syndicate for a period of fifteen years by the Ingersoll Pleasure Amusement Company, an Eastern syndicate widely interested in out-door recreation grounds in various large cities. The lease was negotiated last Saturday, and was completed by A. Ingersoll, president and general manager of the company, paying a year's rent in advance. He will proceed at once to place many popular attractions in the park, which will be given the name of Kennywood.

The parks at present operated by the Ingersoll Pleasure Amusement Company are as follows: Kennywood Park, Pittsburg; Oakwood Park, Pittsburg; Idora Park, Portsmouth, Ohio; Cedar Point, Sandusky, Ohio; Stanton Park, Squibbville, Ohio; Conneaut Lake, Ohio; Belle Island, Detroit, Michigan; Reed's Lake, Grand Rapids, Michigan; Silver Park, Ohio. Also pleasure grounds in Indianapolis. Mr. Ingersoll's company will fit up a number of other parks in the East this winter. The company controls many special attractions and is establishing a general circuit.

It is the intention of Mr. Ingersoll to conduct the new park a good deal after the Chutes model in San Francisco with respect to special attractions, but the park feature will not be destroyed. Unlike the Chutes, there will be trees and flowers and shrubbery where people can sit and lunch in the shade and enjoy the music. Vaudeville performances will be given regularly in the casino hall, and an elegant cafe will be fitted up. Toboggan slides, mirror mazes and other attractions will be set up in the grounds.

The management of Kennywood will cater especially to the amusement and the recreation of the young, and the park will be conducted on a strictly moral and orderly basis. All objectionable features will be rigidly excluded.

The new park embraces spacious grounds and a fine growth of trees and shrubbery. It was formerly known as Ayala Park, but fell into bad repair and disrepair, and finally was practically abandoned as a pleasure ground. The Realty Syndicate bought the park, enlarged it, and transformed it into a place of beauty. The grounds were improved in accordance with artistic plans, and a handsome new casino built. The park is situated on Telegraph avenue near the Berkeley line, and is very conveniently located between the Telegraph avenue and Grove street car lines. When it is opened it will keep at home a great deal of money that now goes to San Francisco. The deal was negotiated through W. H. MacKinnon.

COAL SHIPPERS AFTER THE PIRATES

NEW YORK, Nov. 24.—Coal shippers of Port Reading, Perth Amboy, Port Johnson and Elizabethport have organized a Vigilance Committee to protect their cargoes of coal in transit by water to New York. Enormous amounts of coal are lost yearly by shippers, owing to the depredations of the pirates, who have become so bold that they sell their stolen goods openly at the piers here. Hereafter each barge will have an armed guard, whose orders will be to shoot any one approaching his barge and who fails to answer a challenge.

HENRY SCOTT HAS A VERY CLOSE CALL.

Thrown From Carriage While on the Way Home.

Coachman is Injured and One of the Horses Killed.

SAN FRANCISCO, Nov. 24.—Henry T. Scott of the Union Iron Works had a narrow escape from being killed at Burlingame Saturday afternoon.

When he arrived at the station he was met by his carriage.

On the way to his country home the horses became frightened and ran away colliding with a tree.

Mr. Scott was thrown out of his carriage but luckily escaped with an injury to the hand.

The coachman had his collar bone broken and one of the horses was killed.

DEATH SUMMONS NICK G. KITTLE

FRESNO, Cal., Nov. 24.—Nicholas G. Kittle, son of the late pioneer of the same name, who was the head of the old-time mercantile firm of N. G. Kittle & Company of San Francisco, died last night in his rooms at the Grand Central Hotel. Internal hemorrhages were the cause of death.

Mr. Kittle has not been a well man since his recent illness from stomach trouble, having been taken to San Francisco for treatment. As late as Saturday he had planned to go on a quail hunting trip.

He was the manager at Reedley of the Porter Brothers' packing house and was aide de camp with the rank of captain on the staff of General M. W. Muller of the Third Brigade, N. G. C.

The deceased was native born and aged 36 years. The remains will be sent today to San Francisco.

MUST NOT SEIZE THE SOIL.

STATE DEPARTMENT EXPLAINS HOW FAR MONROE DOCTRINE GOES.

WASHINGTON, Nov. 24.—The State Department is thoroughly well-informed of the length to which Great Britain, Germany and other European powers propose to go in their dealings with Venezuela, Great Britain and Germany have, in fact, sounded the department to learn whether any objections would be taken to active measure on their part to secure the collection of debts due their property incident to the internal dissensions which have raged in Venezuela for several years.

REBELS ARE STILL ON THE MARCH.

WILMISTAD, Island of Curacao, Nov. 24.—An invasion of Venezuela from Colombia occurred recently when 2,000 revolutionists, Venezuelan and Colombian, liberated as the result of the surrender of Caracas, the tribes and the province of Guayana. The United States did not construe the Monroe Doctrine to mean that it should shelter any of the American states which have been the result of their own misdeeds or even of international anarchy.

The only condition made by the President on any of these South and Central American republics by a European power, must not include the seizure by that power of any American soil.

CZAR BELIEVES IN A MESMERIST.

Ruler of Russia and the Czarina are Both Said to Be Melancholy.

ST. PETERSBURG, Nov. 24.—It has been learned that the recent summoning of Dr. Merzhkovsky, one of the foremost specialists in nervous diseases to the Czarina and south of Russia, which gave rise to the report that he was going to attend the Czar or the Czarina, or both, their Majesties having in turn alleged to have suffered from melancholia was to visit Balaklava, where the Grand Duke Nicholas Konstantinovich is detained as insane.

Finally it is asserted that the court physician, Dr. Ott, went to Livadia and succeeded in persuading the Czar to forbid Philip to practice on the Czarina and the departure of the ministers of war, of the interior and of finance from Livadia was interpreted as a silent sign that Philip's influence was broken.

CZAR IS MOODY.
It is asserted that these ministers jointly presented a report to his Majesty discrediting Philip, that the Czar defied Philip to do what he pleased as to interference with his personal affairs but finally yielded. This is looked upon in some quarters as evidence that the optimistic statements of the Czar's mental condition require limitations.

Numerous persons who have returned from Livadia within the past three days assert that the Czar has been moody and disgusted because his earlier hopes of introducing a happier regime in Russia was frustrated by the reactionists, whose intimidation imposed a distasteful role upon him. His Majesty was also said to be in genuine fear that his abdication would be demanded, which was strengthened by the sudden return of the Grand Duke Michael and the latter's demonstrative public appearances. Persons knowing the Czar, assert that if he was forced to choose between the throne and domestic happiness he would abdicate.

GOING TO COVER
The acceptance of the lucrative but important ambassadorship of Anagnines by the Czar's bosom friend, Prince Obolensky, is interpreted as "going to cover" before possible changes which might destroy the value of his personal influence.

In any case the minister's departure from Livadia indicates that the crisis is past.

Constantinople is detained as insane.

THE PRESUMPTIVE.
Some observers of the situation do not believe the accession of the Grand Duke Vladimir, uncle of the Czar to the throne, in the event of the Czar's abdication, and the death of his brother, the Grand Duke Michael, the heir presumptive, would be unpopular, and they do not credit the report that the advent to supreme power of the Vladimir family would materially alter the present state of affairs, as the masses are ignorant in regard to every Czar's true character and the educated people attach merely subordinate importance thereto. The possible effect of the Russian system under a sterner ruler on the prospects of a possible revolutionary movement is regarded as idle speculation.

THE MESMERIST.

The latest reports about Philip, the mesmerist, who is said to have the Czar completely under his influence, are that the former French physician is a naturalized American, and has been living in Russia for a year in the homes of the two Montenegrin Princes who are guests of the Czar.

It is added that the Czar granted Philip the right to practice medicine in the Czar's system, and that he was a military surgeon of the rank of a colonel of state, which equals that of a general.

REBELS ARE STILL ON THE MARCH.

WASHINGTON, Nov. 24.—The State Department is thoroughly well-informed of the length to which Great Britain, Germany and other European powers propose to go in their dealings with Venezuela, Great Britain and Germany have, in fact, sounded the department to learn whether any objections would be taken to active measure on their part to secure the collection of debts due their property incident to the internal dissensions which have raged in Venezuela for several years.

FLORODORA AT MACDONOUGH.

"FINNIGAN'S BALL" WILL BE THE CARD NEXT WEDNESDAY EVENING.

"Florodora" will be at the Macdonough this evening. It will be presented with the same careful attention to all details, that has distinguished it everywhere as a strictly high-class attraction. In point of numbers "Florodora" is one of the largest organizations before the public, embracing as it does a large chorus of graceful and cleverly rehearsed numbers, the famous "Pretty Maidens" of the double sextet, and a long list of artistic singers well known on the musical stage.

The principals on this occasion include Corinne, well-known as an Operatic Star for many seasons, who will be heard in the role of "Dolores," Eleanor Park, as "Lady Holyrod," Chas. Cox, a talented comedian, in the character of "Cyrus Griffin," Alf C. Wheeler, known all over the country as a player of exceptional ability, whose performance of "Twelve-punch" has brought him additional fame; William's Stunt, known for his athletic feats, who will be seen in "Captain Arthur Donaghy," Charles H. Bowers last year in the same part, is again the "Frank Abnered," while Alfred Cahill will be seen as "Leandro," completing the cast. In order to insure the proper assistance from the musical department

For that Turkey

Here is just the thing in which to roast that turkey for the Thanksgiving dinner—the Royal self-basting roaster and basting-pan.

It is scientifically constructed. The steam arising from the turkey is confined in the pan and is constantly being absorbed. This action of the steam bastes the turkey and the uniform heat cooks the bird in less time and cooks it better than the old way, where you did the basting by pouring the juice over the turkey from time to time with a spoon. Thus the turkey is tender and juicy.

The pan roasts equally as well all kinds of meats, game, poultry, fish, and bakes bread, cake, biscuits, beans, etc.

You had better get one today and have it ready for Thursday. We have lots of other things that will make the work easy in preparing the big dinner. See our advertisement in last Friday's paper.

HOWARD S. BYXBEE SHOP NEWS FROM WEST OAKLAND. DIES SUDDENLY

FRUITVALE YOUNG MAN DIES IN SAN FRANCISCO PATROL WAGON.

Howard S. Byxbee, who was found early yesterday morning lying in an unconscious condition in a doorway at a speer street and who died in a patrol wagon on the way to the Harbor Emergency Hospital, was the son of Robert G. Byxbee of the lumber firm of Byxbee & Clark of this city. He had resided in Oakland and vicinity since boyhood. He was a graduate of the Oakland High School and about three years ago left the University of California, before completing his course, to enter his father's office, where he was chief accountant.

At college young Byxbee took much interest in horse and auto racing, and was a member of the University Rowing Club. He was Vice-Commodore of the Oakland Canoe Club and owner of the sloop Ninette and the canoe Whim. He was one of the most daring canoeists on the coast and made this line of sport his special pastime.

The report having been made to the police that Byxbee had been robbed Detective Whitaker and Coleman were dispatched on the case by Captain Martin, and they soon arrived at the conclusion that there was absolutely no truth in the report.

The detectives ascertained that Byxbee had been drinking in the Fearless Saloon, of Market street, with about a dozen others, among whom were Henry Risley, a drayman, living at 1200 Dolores street, and C. J. Green, superintendent of the Elacville Electric Company. They were all shaking dice for the drinks. Byxbee had a \$5 greenback and he lost three times. The last time he was 15 cents short and Risley made it up.

As Byxbee was considerably under the influence of liquor Risley and Green took him out of the saloon to get a bed for him somewhere, and when they were walking along the street Byxbee dropped to the sidewalk. Policeman Esola came upon the scene and sent Byxbee to the Harbor Station in the patrol wagon, and when the wagon reached the station Byxbee was dead. The autopsy showed that death was due to acute alcoholism, but Dr. Baedgen sent the stomach to City Chemist Green for analysis as a matter of fact.

The idea of robbery arose from a statement made to the police by one of the men in the saloon that Byxbee had between \$10 and \$15 in his pockets besides the greenback when he was shaking dice in the saloon, and when his clothing was searched no money was found.

Risley and Green had taken a diamond ring from Byxbee's finger after he fell for fear some one might steal it while they went for help, and when Esola appeared Risley at once handed it to him, saying he had found it and gave it to the bartender in the saloon for safekeeping.

Howard Byxbee's home was a Fruitvale. He was unmarried. There are two sisters, Miss Edith S. and Miss Susie Byxbee.

FUNERAL OF THE LATE EDWIN TAGGART

Many Masons and friends attended the funeral of the late Edwin Taggart, which was held yesterday afternoon from the Masonic Temple, Twelfth and Washington streets. Owing to the large number of friends of the late druggist, the funeral was public, although conducted under the auspices of Live Oak Lodge, No. 61, Free and Accepted Masons, of Oakland Commandery, No. 11, Knights Templar, of which the deceased was a member.

The funeral services were according to the Masonic rites. Rev. W. Meek acted as master. Bradford Webster as senior warden, W. S. Smith as junior warden, and Rev. William Kelly, chaplain. Surrounding the bier were many handsome floral offerings that had been presented by friends and brother Masons of the deceased. The service was conducted by Messrs. Clark, Wilkie, Reid and Jones, rendered "Come, Ye Disconsolate," "Rock of Ages," and "Nearer, My God, to Thee."

The funeral cortege was made up of members of Live Oak Lodge of Masons and Oakland Commandery of Knights Templar, together with many friends. The remains were borne to the Oakland Crematory, where the ashes will be preserved. The pallbearers were Dr. J. C. Ackery and Dr. S. H. Buteau, representing the Blue Lodge; George Dornin and Fred M. Campbell, representing the chapter, and Z. T. Gilpin and H. D. Rowe representing the Commandery.

The deceased was a native of Pennsylvania, but had conducted drug stores in Ukiah and Ventura. A widow and one son, John L. Taggart, survive him. The deceased made many friends through his unostentatious acts of charity.

Jeff and Fitz to SPAR IN PUBLIC.

Billy Delaney went to San Francisco this afternoon to hold a conference with Robert Fitzsimmons, James J. Jeffries and Clark Ball concerning a fight for the champion and ex-champion. The meeting of the heavyweight pugilists and their managers was arranged to take place at the California Hotel in San Francisco.

Partial arrangements for the tour were made several months ago, immediately after the contest between the big fighters. The meeting today was planned to arrange the final details. It is understood that an extensive tour of the country is to be arranged. The first sparring exhibition will probably be given at Los Angeles, Jeffries' former home. It is thought that the tour will be begun within two weeks.

THINGS OF INTEREST TO THE SOUTHERN PACIFIC EMPLOYEES.

The new combination oil and water tender recently purchased by the Southern Pacific Company as an experiment has given general satisfaction to the railroad officials, especially Master Mechanic W. H. Russell. For the past few days the combination tender has been attached to the Overland Limited, and has answered all that has been required of it. The appearance of the new tender adds greatly to its favor with the company, as it is about half as high as the old tenders and not near so bulky, but of a greater capacity. It is capable of holding 3,300 gallons of oil and 7,300 of water, and will travel over 300 miles without having to be refilled.

So pleased are the officials with the actions of the new tender that they are figuring on fitting up the new Atlantic locomotives recently purchased with this sort of tender.

WRECKING CREW DISPATCHED TO ATHLONE Foreman C. L. Gibson has been sent in charge of the wrecking crew to Athlone, a small flag station near Fresno, to clear away the wreckage occasioned by engine No. 28 jumping the track last Saturday morning. The engine was turned over on her side and the mail and express and baggage and passenger cars are off the track, but little damage was the result.

GRAVEL LOCOMOTIVE IN ROUND HOUSE Engine 1671 of the gravel train has been sent to the round house for some repairs. It will be given a complete overhauling, and it will be several days yet before it will be placed in commission again.

EXPECTED PAY CAR FAILS TO ARRIVE To the great disappointment of the railroad men the pay car, which was expected to arrive at the West Oakland yards last Saturday, failed to make its appearance. It is expected sometime the first of this week, however.

RIVER STEAMER HAROLD ON THE WAYS The river steamer Harold was brought on the shipyard ways last Saturday and will remain there several days for minor repairs. Already the Harold has a new smoke stack placed in position, and at present carpenters are at work placing some new planks in her bottom.

NEW SEWER CONSTRUCTED IN THE ROUND HOUSE During the past week a construction gang have been at work building a sewer system in the round house, and now that portion of the shops has a complete sewerage system of its own.

NEW DRAYING WAGON HAS BEEN BUILT A new draw has just been completed at the carpenter's department, to be used in hauling supplies for the Southern Pacific Company about town. The draw has been painted a bright yellow and has been placed in the charge of Drayman Jack Smith, who is very proud of his position. A new team of horses has also been purchased for the draw.

SUPERINTENDENT MCKENZIE PLACED AT THE PIER Workmen are putting the finishing touches on an office at the pier to be used in the future by William McKenzie, superintendent of floating equipment. The office room is very spacious and is to be used exclusively by Superintendent McKenzie and his assistants.

"DINKY" ENGINE READY FOR WORK After being in the repair shops for some time Engine No. 22, better known as the "Dinky," has again been placed in service. The engine has been completely overhauled and fitted up with more powerful appliances with which to assist with the work about the round house.

BIG CONSIGNMENT OF BUILDING BRICK A large consignment of building brick has been received at the yards, and Foreman Christensen and his men are hard at work putting them in storage. It took nearly all of the bricks on hand to complete the new brick chimney at the gas works, and so it became necessary to secure a fresh supply.

PERSONAL MENTION OF THE SHOP MEN James Barnes is planning to go to Red Bluff this week on a short vacation.

Chief Engineer Munroe is on the sick list. His place is being filled by William Bolden.

Ralph Buckman is confined in the railroad hospital in San Francisco with a severe rupture.

A. E. House, Charlie Willard and Paul Gillette have just returned from Plumas county, where they have mining interests. They brought back with them a supply of samples that look to be very rich, and which they are showing to the boys about the yards.

WILL TRY TO SAVE THE CALAVERAS TREES Editor TRIBUNE:—Organized effort to preserve the Calaveras Big Tree Grove has been undertaken in San Francisco.

AN EXTRAORDINARY OFFERING

the passage of the bill now pending for the purchase of what is known as the Sperry tract.

This bill has already passed the Senate and has the approval of the Committee on Public Lands of the House of Representatives. It failed of passage in the lower branch of Congress at the last session, owing to a press of other business.

A permanent committee to further the acquisition by the Government of these trees was decided upon. It will be composed of delegates from the various organizations represented at the conference, and will be appointed at once.

It is felt by the members of the conference that this is a cause which should enlist the active support and co-operation of all citizens, not only of this State but of the entire country. The Calaveras trees are unique, having no counterpart in the entire world and have a great historic and scientific value, aside from being objects of great natural interest.

JOHN P. COGHILAN,

ASSOCIATED CHARITIES. The following invitation has been sent out: You are invited to be present at a

meeting of the Associated Charities, 1265 Franklin Street, near Fifteenth Street, Monday, November 24th, at 8 p. m., to discuss the bill to be presented at the coming session of the Legislature to establish a State Board of Charities, a Juvenile Court Law. The meeting will be addressed by Mr. O. C. Cushing, Chairman Legislative Committee of California Conference of Charities, Mr. Fairfax Whelan, Mr. Charles A. Mumlock.

THE Vice of Naggling. Clouds the happiness of the home, but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fits and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. Osgood Bros., Seventh and Broadway, guarantee satisfaction.

CHEAP PHOTOS. Means cheap time; cheap time means in-terested. We have no time for cheap photographs. My rates are acknowledged as most reasonable. Belle-Oudry, Thirteenth street, Oakland.

Cadwalader Biddle's cook

says of Presto

I made biscuits with Presto. They all enjoyed them up-stairs. The biscuits were lovely and no trouble to prepare. It surprised me. 1450 Walnut Street, Philadelphia, Pa. Oct. 15, 1902. (Signed) Ellen Mard, with Cadwalader Biddle.
